

EDUCATE

with our driver safety course

Your teen's driving will always be on your mind, but you can feel more at ease after they complete our **Hanover SafeTeen** driver safety course. The course is designed to help inexperienced drivers improve their driving skills and is proven to help reduce accidents by up to 30 percent once completed.

Plus, as long as your teen successfully completes the program, you get the benefits of a discount on your auto policy.

HOW IT WORKS

1. Sign up for the program with your independent insurance agent by asking for the **teenSMART®** driver safety program.
2. The discount* is added to your policy, and you will be emailed a link to download the program to your computer.
3. The course is approximately six to eight hours long, and can be completed at your teen's own pace.
4. At the end of the training, your teen will need to successfully pass the final exam in order to receive their certification. This provides confirmation of completion for your agent.
5. Your teen needs to successfully complete the program within 60 days or the discount will be removed from the policy.

*In NY, discount added after successful completion of the course.

Parents like teenSMART®

"The other day my teen was driving, came upon a situation, and quoted something that he learned in the program. That shows me the program was well worth it."

— J.F., Tremont, IL

"I was left feeling more confident in my child's driving after this course. Having the chance to take the course with him gave me a chance to reflect with him on my own driving experiences."

— G.R., Jacksonville, FL

"Great program. I enjoyed completing the activities with my teen and even learned something!"

— K.W., Niles, IL

Teens like teenSMART®

"Very clear and entertaining activities. This was a good assurance for me and my parents, even after I got my license."

— C.G., Oakland, CA

"teenSMART® made me more aware of my surroundings on the road, which overall makes me feel more comfortable and relaxed with driving."

— K.D., Peabody, MA

"I really loved how there was behind the wheel tests from the computer, it made it seem so real! This program helped me a lot and the way everyone spoke in it made it overall a fun program to watch and learn from!"

— K.L., San Jose, CA
